LIMITED MEMBERS have playing rights on Monday, Wednesday, Thursday, Friday and Sunday during the season (March /September) and on all days for the rest of the year.

Note: Membership fees run from 28 February until the following 28 February. To be eligible for club championship, members must be fully financial by the closing dates for championship entries. For 2017 this is 11 March.

CONDITIONS FOR MAJOR TROPHIES FOR MEN

Club Championships

A Match Play Competition with NO handicap allowance, played in four grades from the Championship (Blue) Tees with the exception of the Presidents Grade (White). Entries are required by the due date and the Match Committee will set the grades following the close of entry. Open to *financial* full members only. Seeding for the 1st round draw will be established by the “gross” score achieved in the 1st Bonnington Cup qualifying round. Any entry not competing in the Bonnington Cup will be included in the draw in handicap order as determined by the entry closure date.

Each round must be completed by the specified date as set by the Match Committee. Changes to the round completion dates will be exceptional and need prior approval by the Match Committee. Players will not be granted alterations to the completion date because of adverse weather.

Finals will be played on Club Finals Day. Senior, Intermediate and Junior grade finals to be played over 36 holes from the Championship Tees. The Presidents grade final to be played over 18 holes from the White Tees.

Bonnington Cup

A Handicap Match Play trophy played off the Championship (Blue) Tees. Entries are required to play 36 holes of qualification. The best 16 Nett Scores qualify for the 1st round draw. Two 18-hole qualification rounds will be included in the club programme. However it is acceptable for entrants to play 36 holes on either of the qualifying round dates but the Match Committee should be advised beforehand.

The draw will be posted with completion dates for each round. Match Play rounds are over 18 holes (Blue Tees) with the Final over 36 holes (Blue Tees) played on Club Finals Day.

Knockout Cup

A Match Play competition played with Handicap Allowance. Played over 18 holes in each round from the White Tees.

Entries are required by the due date and the Match committee will set three grades for the competition. The draw will be posted with completion dates for each round. Finals, over 18 holes, are to be played on Club Finals Day.

Pairs Championship

Players select own partners, but players without partners can enter and will have partners drawn. An 18 hole qualifying round will be held using the Championship (Blue) Tees. The top 16 pairs, based on their combined Nett Scores, qualify for the draw. Matches are then played over 18 holes (Blue Tees) in a four-ball best ball format. If the match is “all square” after 18 holes a sudden death playoff is undertaken with strokes as for the first 18 holes. For Match play, the lowest handicapped player plays off scratch and other players receive the difference between the handicap of the lowest handicapped player and their own. The Final should be played on Finals day unless this creates a clash with other Finals.

Maindonald Trophy

Players select own partners, but players without partners can enter and will have partners drawn. A Foursome competition played from White Tees over 36 holes on one day, the winners being the pair with the best Nett Aggregate. The pair’s handicap will be half their combined handicap. If there is a tie, an immediate sudden death playoff on the day will determine the winners. Alteration of the tee shots must change for the second 18 holes.

Ron England Memorial Trophy

Awarded to the player with the Best Nett Aggregate based on their best 4 rounds out of the 8 identified rounds.

L C Coe Trophy

An 18 hole match play competition for men who are full members with a NZGA Handicap Index and are aged 55 years or over. Entries are required with all entries being placed in a draw. Play is from White Tees. The Final can be played on or before Finals day.

Symington Cup

Awarded to the player with the best Nett score in a Saturday competition round over the period from Opening Day to one week before Finals day.

Bud Barton Trophy

Awarded to the Most Improved Golfer over the period from Opening Day to one week before Finals Day.

Roo Beldham Challenge Cup

Awarded to the Top Qualifier in the Bonnington Cup competition, being the Best Nett Aggregate over the 2 Qualifying rounds.

Grandfathers Trophy: Barbara Joyce Trophy

An 18 hole Stableford Competition played from White Tees open to all Grandfathers with a NZGA Handicap.

Ringers

All full members are eligible to enter the “Ringers” competition, which is played over the course of the golf Season. An entry fee is appropriate. An Eclectic competition, which records the lowest score, both Gross and Nett, on each hole over the season. Trophies for both the “Gross Ringer” and the “Nett Ringer”.

Summer Championships

A 2 round Stroke Play competition played on consecutive Saturdays. Played on full handicap from Championship (Blue) Tees in 4 grades, Senior, Intermediate, Junior and Ladies as specified by the Match Committee based on the size of the field. Entry is required on the day of the first round of the competition. There will be a separate prize for the best Gross score over the full field.

Summer Pairs Championship

A Stableford competition played during Summer Golf will form the Summer Pairs Championship. Entries will be taken on the day of competition and all players, including Ladies will complete their round using full handicap and stableford scoring. Ladies will receive additional shots added to their handicap as specified by the Match committee.

After completion, a draw will be made to identify “pairs” from the full field. The Pair with the best Stableford score will be the winners. In the event of a tie, a count back system will be set by the Match committee.

Mixed Competitions and Trophies

Harley Cup

Entries are required by the due date. Players select their own partners. Handicap is half the combined handicap. In all calculations a fraction of half or more shall count as a full stroke. Mixed pairs play in an 18 holes foursome qualifying round if necessary. The top 16 nett scores will qualify for Match Play. If match is all-square after 18 holes, sudden death play-off will follow immediately. Strokes are as first round. Open to members with a NZGA Handicap Index (Ladies Maximum handicap Index 40.4).

Moorhead Cup

A Husband and Wife 18 hole combined Stableford competition. In the event of a tie, the winners will be decided by a sudden death play-off on the day of the event. Open to members with a NZGA Handicap Index.

Chamberlain Cup

Open to Juniors, 21 years and under. Best 6 nett scores over the season in Saturday competitions from Opening Day to one week prior to Finals Day.

McConnell Bowl

Players select their own partners. Handicap is half their combined course handicap. Foursome play over 36 holes on one day, the winners being the pair with the best nett. Alteration of tee shots changes over the second 18 holes. If a tie, the winners will be decided by a sudden death play-off on the day of the event. Open to members with a NZGA Handicap Index (Ladies maximum 40.4).

Hamilton Trophy (Summer Season)

Awarded to the player (male or female) with the best nett aggregate over 6 rounds played in the Saturday competition between the start of Summer Golf and one week before Opening Day.

GOLF ETIQUETTE YOU SHOULD BE AWARE OF

The following are some simple rules everyone can apply to make them a pleasure to play with, in front of or behind.

1. Arrive 15 minutes before you are due to hit off.
2. Make sure you mark your ball so you can identify it easily
3. Being at the tee when it is your turn to hit off means being ready with club, ball and tee ready to step forward and play your shot.
4. Where you have the honour, walk onto the tee smartly. Fill in the scores from the last hole after you have hit
5. If the players in front call you through, be ready to hit promptly and walk through smartly.
6. If your shot strays, line up the direction with some object and walk straight to it. Walking smartly between shots can save time and help catch up to the group in front.
7. If you have to look for a ball and the following players are in range, call them through
8. Before walking on to the green, leave your trundler in a handy position to proceed to the next tee. Walking across in front of the green should be avoided after you have holed out.
9. Leave the green as soon as you have finished putting and replace the flag
10. If you are the lowest handicapped player of the group, then it is up to you to show an example.
11. Tidy dress must be worn on the course and clubhouse
12. No more than two balls must be used for practice.

SISTER CLUBS

We have a Sister club relationship with five other clubs: Amberley, Geraldine, Lower Waitaki , Waimari Beach and Hokitika. If you wish to play at any of these courses, you will need to write, in the Green Fee book, your name and Club ID Number, and put in Sister Club where it says the amount of money. Your bag tag will indicate you are a member of the Ellesmere club.

You may also play in their local competitions by paying only the entry fee for the day. eg our fee is usually \$5.00. Please do not abuse this relationship as it has been negotiated between the two clubs in good faith.

While you are on the course please observe all acceptable etiquette as you are representing Ellesmere Golf Club.

BAR ROSTER

Everybody has been allocated a duty spot on the bar duty roster. As part of your club membership it is hoped that everyone will see this duty as a member's contribution to the club and be able to do this duty. There will be a Bar Manager in attendance to oversee any problems and to lock up afterwards. If you are unable to complete your duty on the date listed, then try and arrange a swap with a fellow player. Most people are happy to change dates if asked.

STARTER DUTIES

A number of people have also been allocated Starter Duties. Please turn up earlier than usual to complete this. If you are in doubt as to what is required, ask Mike Williams or Mike Steed.

Storm Damage Areas

Please note that as of January 1 2017, the course is no longer considered to be suffering from storm damage and creating a danger to players. Therefore the areas of GUR are restricted to those that are marked with white/red pegs and marked GUR. These may change during the year, as circumstances change.

*There are some areas where there are still some fallen trees or holes created by the roots of the fallen trees. **Relief is allowed for these.** Tree stumps themselves, where there is no storm damage, do not generate relief without penalty.*

In areas of long grass, players may take an unplayable or play the ball as it lies. A lost ball requires the player to return to the last place of playing a ball and drop another under penalty of one stroke. If from the tee, then it can be teed up. If you think your ball may be lost, then hit a provisional before leaving the tee or the location as this will save you the walk back.

*In all circumstances, **BEFORE** taking relief, consult your marker.*

Local rules:

These are displayed on the noticeboard but do change from time to time as conditions change. They are also found on the score card.

- Where stance and/or swing of the player has interference from a fallen tree or fallen tree root or the hole created by it, then a player may take relief and drop a ball within one club length of the nearest point of relief. This may not necessarily be a better place than the current position. The player may choose to play the ball as it lies.
- Measuring devices are permitted under note to Rule 14.3. For all play at the course a player may obtain distance information by use of a distance-measuring device.
- Stones in bunkers are movable obstructions and may be removed under Rule 24.1
- Stones on the course are moveable obstructions and can be removed, without moving the ball. There are also stone areas. Players may take relief from stone areas (Immovable obstructions Rule 24.2) by dropping a ball within one club length at the nearest point of relief from stones. Relief when taken, must be for stance and swing. Players may choose to play the ball as it lies, or move the stones without moving the ball, if this is possible.
